

The Subaru Educational Experience (S.E.E.) Tour is designed to educate and inspire the next generation of STEM leaders through interactive learning.

Thanks to our partnership with Purdue IN-MaC, our Learning & Discovery Lab is equipped with Industry 4.0 technology and STEM-learning opportunities for 5th-12th grade students. Each station has a direct tie in to manufacturing careers, while cultivating and expanding problem solving, communication, and teamwork skills.

S.E.E. Tours can include up to 4 of the following interactive stations in the SIA Learning & Discovery Lab:

Lego Assembly	indi Cars
Dobots	Little Bits
3D Printing	Cubelets
Sphero Bolt	Materials Sequencing

A catwalk tour of our production process and time for lunch in our onsite cafeteria is included in each SEE Tour schedule.

Additional S.E.E. Tour Details:

- Scheduled on Tuesdays and Thursdays
- Minimum age is 10 years old
- Plan to be onsite for a minimum of 3.5 hours
- All Tours of SIA are free with the exception of lunch ordered by school group
- Lunch can be ordered from onsite cafeteria- personal pizzas and drink
- Student maximum is 60, preferred is 40-50
- Student cell phones are not allowed- additional instructions given when scheduling
